LETTER OF RECOMMENDATION

To Whom it May Concern,

I am pleased to recommend **Hanna Shiyliaieva**, who was a valued member of the design team at **SprintSoft**.

From the very beginning, Ganna demonstrated a strong willingness to learn, quickly adapt to new challenges, and continuously improve her skills. Throughout her time at SprintSoft, she showed impressive professional growth and consistently took on more responsibility as her experience expanded.

Ganna worked on both **web applications and mobile applications**, contributing to projects from early design concepts through final interface design. She was able to quickly understand business requirements, transform them into intuitive user experiences, and deliver thoughtful design solutions that balanced user needs with business goals.

One of Ganna's greatest strengths is her ability to work effectively as part of a team. She built excellent relationships with designers, developers, analysts, project managers, and clients. She was always open to discussion, receptive to feedback, and willing to support her colleagues whenever needed.

Over the years, Ganna earned the respect of everyone she worked with. Both her colleagues and our clients consistently spoke highly of her professionalism, communication skills, and collaborative attitude. She approached every project with responsibility, remained calm under pressure, and could always be trusted to deliver high-quality work on time.

Ganna combines strong design skills with curiosity, a fast learning ability, and genuine dedication to her work. I have no doubt that she will continue to grow professionally and become a valuable asset to any design team.

I confidently recommend Ganna for a **UX/UI Designer, Product Designer**. I am certain she will make a meaningful contribution to any organization fortunate enough to have her on the team.

Sincerely,

M.P. Ezerskii

General Director
SprintSoft
